Subject:	How to reset your Apple ID password.

Dear Ehud Barak,

To reset your Apple ID password, simply click the link below. That will take you to a web page where you can create a new password.

Please note that the link will expire three hours after this email was sent.

If you weren't trying to reset your password, don't worry – your account is still secure and no one has been given access to it. Most likely, someone just mistyped their email address while trying to reset their own password.

Thanks,
